MADE IN AMERICA

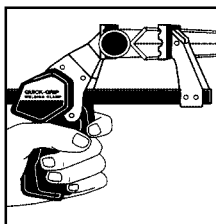

QUICK-GRIP® WELDING CLAMP

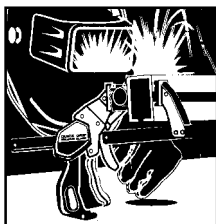

A revolutionary, one-handed clamp for welders.

The latest addition to our line-up of QUICK-GRIP bar clamps will change the way welders use clamps. Its unique design lets welders clamp with one hand while using the other hand to hold their work.

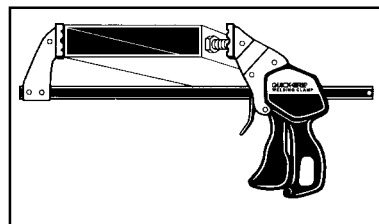

- Fast, one-handed operation
- Pistol grip allows you to adjust and tighten with just one hand
- Heat treated carbon steel jaws
- Ideal for quick tacking and other welding jobs
- Great for a multitude of other clamping uses
- Made in the U.S.A. from the makers of VISE-GRIP® Locking Hand Tools

Horizontal and vertical grooves on jaw surface allow easy clamping of round stock.

Spatter won't stick to special copper-plated pads.

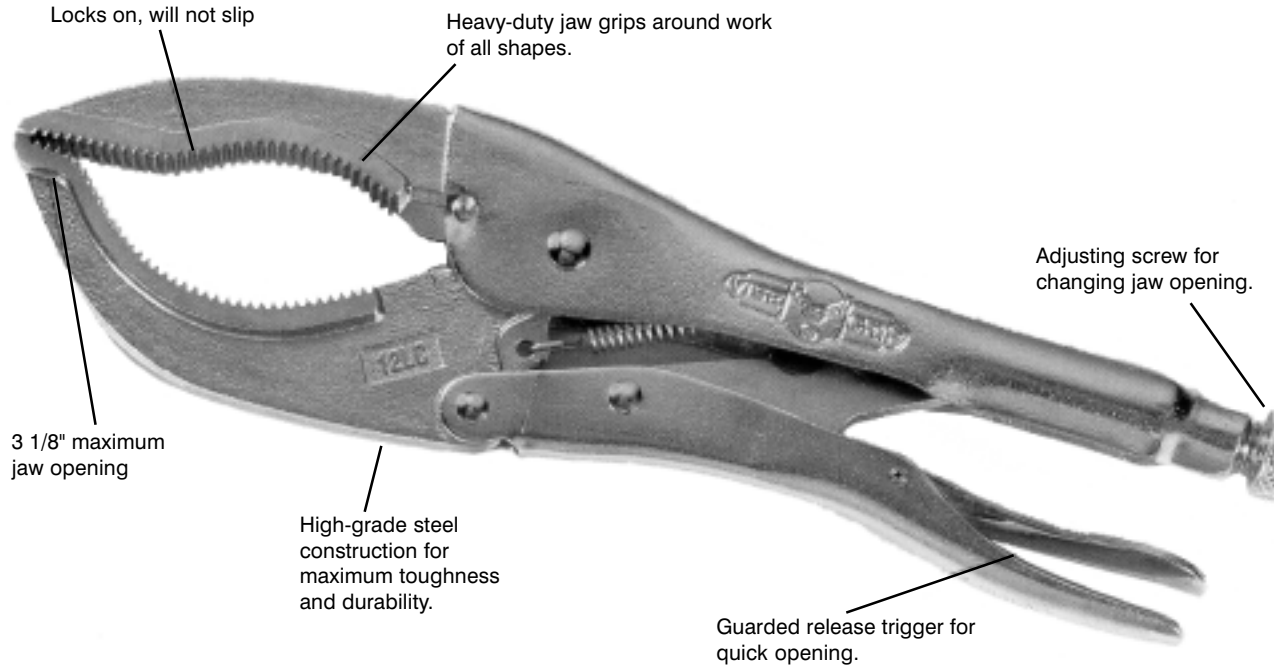

Unique one-handed operation makes any job easier, even for longer objects.

Part No.	Weight Each	Jaw Adjustment	Throat Depth
5906	2 lb, 2.5 oz. .98 kg	0-6" 0-150mm	3 1/4" 82.5mm

NEW! 12LC LARGE JAW LOCKING PLIER

The latest addition to our line-up of Vise-Grip locking pliers has a big grip (up to 3 1/8"). The large jaws and clamping ability make this tool ideal for plumbers, mechanics, welders and others who work with large objects. Also, its convenient size makes it easier to use than bulkier tools, such as pipe wrenches.

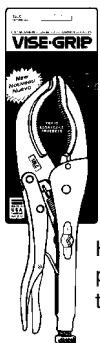

Works well as a pipe wrench. Locks on and grips around the pipe.

Great for automotive work, such as removing tail pipes, freeing stubborn oil filters, gripping hoses, changing shock absorbers.

Clamps tightly and easily on a variety of shapes for quick welding.

Hang card package allows tool to be tested.

Part No.	Weight Each	Jaw Opening
12LC	1 lb, 7 oz. .65 kg	0-3 1/8" 0-79mm

GENUINE VISE-GRIP TOOLS

**CURVED JAWS
WITH WIRE CUTTER**

**STRAIGHT JAWS
AND CURVED JAWS**

Wire cutter will handle anything up to 1/4" bolt. One bite cuts smaller wires; progressive bites cut through the big ones.

Heavy-duty jaw grips work of all shapes.

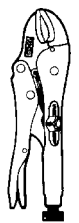

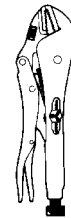

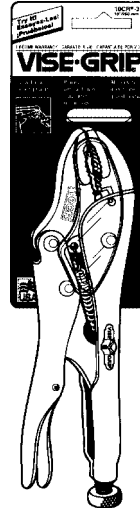

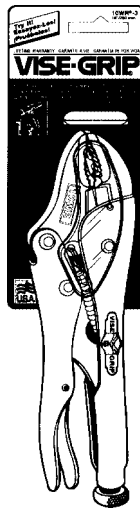

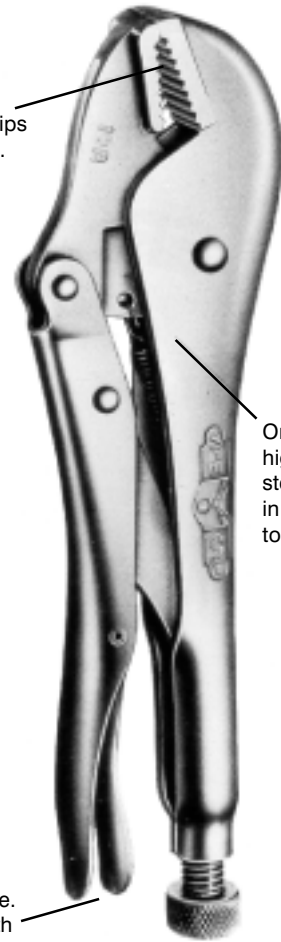

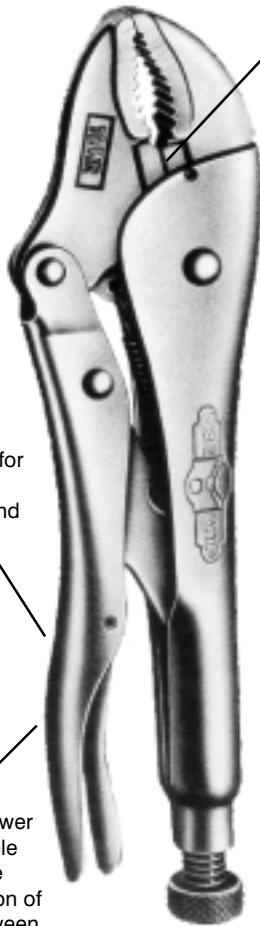

Hang card package allows tool to be tested.

Hang card package allows tool to be tested.

Each tool is heat-treated for maximum toughness and durability.

Controlled power means a simple hand squeeze can put one ton of pressure between the jaws.

Only the finest high-grade alloy steels are used in VISE-GRIP tools.

**LONG NOSE
WITH WIRE CUTTER**

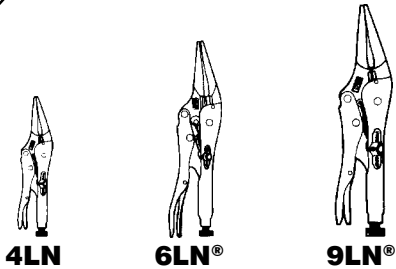

Tapered nose ideal for delicate work, hobbies, tight spaces, electronics, clamping of small parts.

Same wire-cutting power as our curved jaw tool.

Hang card package allows tool to be tested.

Easy-release trigger snaps jaws open instantly, ready for the next job.

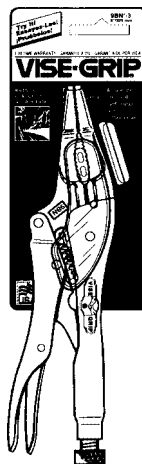

**BENT NOSE
WITH WIRE CUTTER**

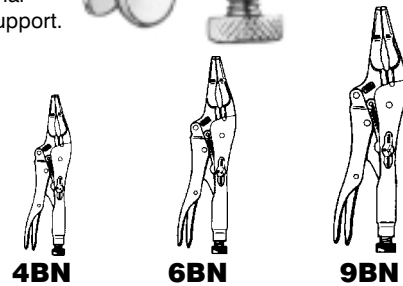

Nose is bent at 35° angle. Excellent for reaching those hard-to-get-at places.

Hang card package allows tool to be tested.

High grade alloy steel for maximum durability and performance.

The only bent nose pliers which locks to provide additional leverage and support.

LOCKING SHEET METAL TOOL

8R® Locking Sheet Metal Tool

Locks to work with powerful grip. Makes all kinds of bending, forming, crimping jobs easier and faster.

8R®

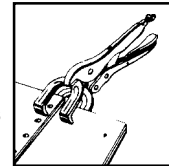

Size	8" 200mm
Weight Each	1 lb, 1.5 oz. .50 kg
Jaw Width	3 1/8" 77.8mm
Throat Depth	1 3/4" 44.4mm

LOCKING WELDING CLAMP

9R® Locking Welding Clamp

Deep-throated, U-shaped jaws for visibility and working space. Holds work in proper alignment.

9R®

Size	9" 225mm
Weight Each	1 lb, 7.1 oz. .66 kg
Jaw Width	2 3/4" 69.8mm
Throat Depth	1 5/8" 41.2mm
