

Autobody Repair Tools & Accessories

LP-1000 LENCOPULL®

The LP-1000 LENCOPULL® has its own designed transformer which operates off 120/230 VAC. It comes complete with an 8' power cable slide hammer and an 8' ground cable assembly. The lightweight cable assemblies allow easy use on automobile tops, hoods and side panels. Time of the star tip welds are controlled by solid state electronic circuitry. The LP-1000 has a 25' input power cable, metal shrinking tip (A-201), allen wrench and extra package (10) of star tips.

Newly designed head configuration allows the operator to use a metal shrinking tip (included) in addition to pulling dents with the star tip.

- Star stud welds directly to workpiece with built in puller
- No more draw pins to buy
- No more holes to drill
- Can shrink light gauge metal
- Can make multiple pulls without changing tools
- Less operator fatigue
- Lighter weight
- Easy to operate
- Requires less pressure to attach star tip
- Less heat input needed to attach star tip
- Manufactured in the U.S.A.

Part No.	Ordering No.	Description	Primary Voltage	Line Fuse	Size	Power Input Cable	Cable Assembly Length	Weight
LP-1000	20700	LENCOPULL®	208/230 Single Phase 60/50 HZ	30 Amp	11½H x 15W x 16¾L	25', No. 12/3 Wire	8' Power Cable Lead	64 lbs. (29 Kg)

LENCOSPOT® MARK II®

With the LENCOSPOT® MARK II® Welder, you can make factory type spot welds in the shop. It's simple to operate...simply press the two electrode guns against the work, press the button and the welder does the work. Two spot welds every time. Time of the welds are automatically controlled by solid state electronic circuitry. No guess work ... no gases or wire to buy ... no warpage ... no flame ... and perfect welds time after time, panel after panel. It is the perfect answer to lower the ever rising cost of labour.

The LENCOSPOT® MARK II® Autobody Dual-Spot Welder Offers All These Features:

- Protected Control Panel
- Streamlined Construction
- Off & On Switch
- Solid State Timer
- Tool Storage Space
- Easy Portability

UNI-SPOT II

PART NO.
L-940

SAVE TIME!

Spot weld difficult to reach areas quickly and easily making factory type spot welds.

- Eliminate warpage
- Eliminate distortion
- Reduce weld clean-up
- Welds two combined pieces of 18 gauge auto body stock

• Pinch type welds from both sides are ideal for...

- **Drip Rails**
- **Door Openings**
- **Trunk Lips**
- **Roof Skin**

Attach the "UNI-SPOT II" to your Lenco Series Resistance Welder.

There is no need to disconnect the dual-spot cable assembly when using the "UNI-SPOT II" attachment with your Lenco spot welder. You will only need to connect the trigger switch plug on the attachment you wish to use.

SAVE MONEY!

With the "UNI-SPOT II®" attachment, there are no consumables to buy or shop air needed for cooling.

• **NO GAS** • **NO WIRE** • **NO SPECIAL TRAINING**

SERVICE CART

• *Built For Service ... Designed To Make Your Job Easier and More Efficient.*

Ordering Information

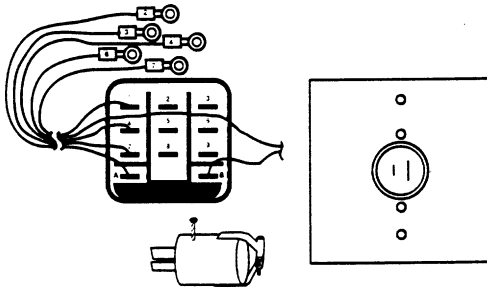

Part No.	Ordering No.	Description	Weight	Height
A-2000	22150	Service Cart	23 lbs. (10.4 Kg)	28" (71.1cm)

You can elevate your LENCOSPOT® MARK II® Welder to the proper height for spotting tops, and yet it will be low enough to easily spot in a wheel housing. Bring your tools to the job; everything you need on the job is at your fingertips. The Service Centre Cart is made of heavy gauge steel and has two heavy duty 8" wheels on the back. Casters with bearings on the front make it easy to move to the job.

QUALITY ACCESSORIES

ADAPTOR KIT

Adaptor kit is necessary for adapting the 3000 and 5000 Lenco Spot Welders in order to use the Lenco Uni-Spot II, QPK-10 and A-260 cable assembly. The adaptor kit includes the male and female receptacles and any internal components necessary.

AK-3000	27215	Receptacle Adaptor Kit

CONVERSION KIT

A Conversion Kit is necessary because of the availability of some of the parts on the 3000 and 5000 Lenco spot welders. With the Conversion Kit you can upgrade your 3000 and 5000 Lenco spot welders to be compatible with Lenco's L-4000 Lencospot®. Your welder will then accept any Lenco attachment.
