

Sellstrom

Head and Hearing

Hard Hat Information

Every Sellstrom hard hat is made of high density polyethylene for durable performance. Quality materials and a variety of suspensions insure the best hard hat for any job. Hard hat features include:

- 6 point or 4 point woven nylon suspension
- Suspension angled downward for a secure fit
- Available in six colours: white, yellow, orange, red, blue, green
- Goggle straps on headgear keep goggles in place
- Replaceable cushioned browpad absorbs moisture
- Universal slot provides the fastest, simplest and most secure way of attaching ear muffs, faceshields and welding helmets
- Variety of accessories available: chin strap, zip-clip, slot adaptor, quick-snap system, flashlights, winter liners
- Custom pad printing available for front, sides and back
- Made in U.S.A.
- Meets ANSI Z89.1-1986

6 Point Hard Hats

Six point hard hats provide lightweight comfortable protection.

- See features under Hard Hat Information above.
- Impact absorbing 6 point woven nylon suspension
- Three suspensions: standard, comfort stretch, ratchet
- Rain trough channels rain away from neck and face
- Meets ANSI Z89.1 for class A, B and C, SEI Certified

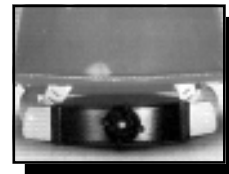

What's the correct suspension for you?

Standard Suspension
Features two snap-in locking straps that adjust independently to ensure a tight fit.

Comfort-Stretch Suspension
Unique band adjusts automatically for a secure, comfortable fit.

Ratchet Suspension
Allows for maximum comfort with a simple turn of the knob while wearing.
